DETAILED ACTION

Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance: The prior art shows a grip device comprising a cylindrical liner and an over molding overlying a lengthwise segment of the liner (Lard '091, Erb '610). The prior art shows the liner at least two elongate slots (Lard '091). Additionally, the prior art shows a compression member (JP '136) associated with a grip member, to fasten the grip member to a main part. The prior art does not show the combination of a liner, an over mold overlying a segment of the liner, and a compression member, where the compression member includes a clamp shroud with an arcuate bottom, the arcuate bottom having an elongate slot and a band clamp receiving the clamp shroud.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Information Disclosure Statement

3. The information disclosure statement (IDS) filed January 12, 2004 fails to comply with 37 CFR 1.98(a)(2), which requires a legible copy of each cited foreign patent document; each non-patent literature publication or that portion which caused it to be listed; and all other information or that portion which caused it to be listed. It has been placed in the application file, but the information referred to therein has not been considered. Specifically, a copy of WO 01/02239 has not been received, and therefore has not been considered. All other references on

Art Unit: 3677

the IDS of 1/12/04 have been considered. Examiner notes the initialed copy of this IDS was originally mailed with the Office action of May 5, 2005. However, the foreign patent documents cited, for which a copy had been received, were not initialed. Examiner has included a copy of the IDS with all references initialed, except for WO 01/02339, for the reasons discussed above.

Conclusion

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michael J. Kyle whose telephone number is 571-272-7057. The examiner can normally be reached on Monday - Friday, 8:30 am - 5:00 pm.
5. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Judy Swann can be reached on 571-272-7075. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
